What [User](#) likes about The Coach House:

Had the nicest interpretation of a spice bag meal ever. Everything was well cooked, well presented. Quite full so we didn't stay for dessert but I'm sure they would have been lovely too. Great spot for a feed and a few drinks.

What [User](#) doesn't like about The Coach House:

This is the time my Wife and i have had a meal in The Coach House, and both times we have been disappointed at the quality of the food. No problems with staff or service, it was very good, however we felt than food did not represent value for money. The restaurant offers free WLAN for its customers, Depending on the weather conditions, you can also sit outside and eat and drink. The premises on site are accessible, and therefore no problem for clientele with wheelchairs or physical limitations. For the small hunger in between, The Coach House from [Gorey](#) offers tasty sandwiches, healthy salads, and other small meals, as well as hot and cold drinks, here they serve a **comprehensive brunch** for breakfast. If you'd like something after-dinner treat for dessert, The Coach House does not disappoint with its extensive selection of desserts, the place provides however also *meals typical for Europe*.
