At the moment, there are **50** menus and drinks on the list. ****Dining Deception at the Airport Café**** In an airport, where convenience is key, one restaurant falters spectacularly. With a limited menu of six items and slow service, diners receive their food in cardboard boxes, paired with flimsy plastic utensils—hardly the experience one expects. Prices are steep for microwaved portions of lackluster dishes, yielding poor value. The grease-laden pizzas and overcooked eggs leave patrons yearning for the authentic Italian cuisine found abroad. While the staff earns kudos for their service, the overall experience is riddled with disappointment, prompting many to advise avoiding this establishment altogether. Travelers are left hoping for better options before their flights.
