This place is actually one of the best I could go in [Cork](#). I never tried Mexican food before and now I'm addicted to it! The dishes are tasty, but careful if you are sensitive to spice haha! but if you do, no worries, you can ask for no spice in your order. I've been served by Leslie, who is actually a Mexican native waitress, she was so nice and helpful with every demands!. What [User](#) doesn't like about Tequila Jacks:

It might just be because of the Christmas rush but it took ages for the food to arrive then they were chasing us out because our time was up! The food was lovely though the cocktails are fabulous. Great place for a night out...just wish we had more time... The refreshing and flavorful [juices](#) on the drink menu perfectly complement the meals of the place, There are also some international meals available on the menu. After meal (or while eating), you have the option to also relax at the bar with an *alcoholic or non-alcoholic drink*, meals from Spain fascinate the customers with their tasty sweet and spicy sauces and spices.
