The Card of Koi Restaurant from London contains about **245** different menus and drinks. On average, you pay for a dish / drink about £11. What [Harvey Powell](#) likes about Koi Restaurant:

Food was excellent. Under the best sushi I had. We also shared a pasta dish that was delicious. Nice, relaxed dinner. A bit expensive for a family dinner, but it's worth it. [read more](#). What [Ross Wilson](#) doesn't like about Koi Restaurant:

Very expensive sushi that had a lot of fish. Definitely not worth the cost. An 8-part role for 23 GBP is ridiculously expensive. Simple rolls were somewhat cheaper but not for the amount of fish in them. [read more](#). With a large selection of fresh vegetables, fish and meat, the Koi Restaurant from London prepares *healthy, flavorful Japanese meals*, The magical desserts of the establishment also shine not only on children's plates and in children's eyes. But the undisputed highlight of this place is the delightful **Sushi such as Maki and Te-Maki**, At the bar, you can unwind with a cool beer or other alcoholic and non-alcoholic drinks.
