The restaurant from Glasgow offers 90 different meals and drinks on the menu at an average price of £5. What [Elodie Royer](#) likes about The Juice Garden:

Great shop with a great variety of juices/smoothies/shots. They also have fresh almond milk with no artificial additives if you are neurotic about that kind of stuff. Remember to get the loyalty card. [read more](#). What [Brigitta Sala](#) doesn't like about The Juice Garden:

A great city centre option for healthy take away style.. with prepared sandwiches and salads. Açai bowls and juices to order. (You can also sit in) It is however a somewhat tacky version of their Byres Road Juice Garden. Having more salad options and GF bread would definitely add a star to this review. [read more](#). Perfectly pairing with the menus of the local are the fresh and fine **juices** on the drinks menu, You will not only have an attractive outlook of the deliciously arranged dishes, but you will also be offered a great outlook of some of the local highlights. *Meals are usually prepared in the shortest time for you* and brought to the table, In addition, the current games or races can be watched on the big TV in this **sports bar**, which the customers also love.
