Seating area was busy and the only reason i'm not rating 5 stars is because we felt the cleanliness of...the ating area could be better. [read more](#). The restaurant and its rooms are wheelchair accessible and thus usable with a wheelchair or physical limitations, Depending on the weather conditions, you can also sit outside and have something. What [Наталија Пурешић](#) doesn't like about Burger King:

When food came, chips were okay, nuggets fresh, but the burger must have been sitting for some time as burgers were cold and bun soggy from the...amount of mayonnaise. I would normally take something like this back but really didn't have the time or energy to deal with the staff! [read more](#).
