We just moved to the area. In the last few weeks a few Chinese outliers. I thought I would go the Golden Crown with all the bad reviews and was really pleasantly surprised. Ordered a sweet chili chicken and got a nice large delicious part. Even a free pocket with crackers. So no complaints. I'm sure you'll order again from here. Top brands. Cheers. [read more](#). What [Maria Mitchell](#) doesn't like about Golden Crown Thai:

AVOID!!! May the heart say in 56 years on this planet, which is one of the worst Chinese meals I ever had to throw in the garbage. Combine curry and salt n pepper chips. I made sure the lid was down on the container because I didn't want to kill gulls. Eclm over Vile. [read more](#). A visit to Golden Crown Thai is particularly valuable due to the extensive variety of **coffee and tea specialties**, *Thai dishes* are prepared here with the popular spices and (fish-) sauces. The meals are prepared according to typical Asian style, Furthermore, the visitors love the successful combination of different meals with new and partially experimental ingredients - a good example of successful **Asian Fusion**.
