What [Avery Collins](#) likes about Latinway: Ate here today on a whim and absolutely loved it! They have a wide range of delicious and varied Latin American foods from arepas to tacos and other treats we'd never tried before. We were expecting your standard 'burrito bar' but were so pleasantly surprised and happy to try new things. Staff were really friendly too. We will be coming back! [read more](#). What [Jackson Wilkinson](#) doesn't like about Latinway: This is not the Latin way! Food is bland and barely edible. Threw three dishes away after a few bites. All dishes taste the same and use the exact same poor ingredients, which leaves bad smell hanging in the air long after. Honestly, I could not recommend avoiding this place enough. I am baffled by the rating. Anything above one star would be generous. [read more](#). Get excited about the diverse, tasty Mexican cuisine, which is traditionally cooked with corn, beans and chilies (hot peppers), Also, the drinks menu at this place is exceptional and offers a significant and comprehensive variety of both local and international beers, which are definitely worth a try. You can also relax at the bar after the meal (or during it) and enjoy a *alcoholic or non-alcoholic drink*, and you can look forward to the tasty classic seafood cuisine.
