A **complete menu** of Anglers Arms from Northumberland covering all **42** meals and drinks can be found here on the food list. A recent review of a pub in the area has shown some mixed reactions. While the food served was hot and tasty, the service was found to be quite lacking. Long wait times for drinks and meals, as well as poor communication between staff members, left customers unsatisfied. The layout and lack of customers were also mentioned as negatives. On a positive note, the venue is praised for being dog-friendly and offering treats for furry friends. Overall, the experience may have deterred some from returning. However, others have had positive experiences with the food quality and friendly service, making it a mixed bag for potential patrons.
