Hier vind je [het menu](#) van **T Russelt** in Diepenbeek. Op dit moment zijn er **27** maaltijden en drankjes op de lijst. The restaurant shows clear ambition to achieve a high gault millau score, but waiting times for main courses and high prices are concerning. While some dishes had to be replaced, the establishment seems to be on the right path. Despite some flaws, the food quality is good with generous portions. Service can be improved, with some customers noting unfriendliness and slow responses. Overall, the restaurant offers a delicious experience with top-notch dishes, although there is room for improvement in communication and service. Despite being on the pricier side, the quality justifies the cost, making it a worthwhile dining option.
