What [User](#) likes about Waterlines:

We visited the museum and cafe at Lybster as part of our trip on the NC500. The museum is sited on the harbour and is upstairs within the building. It has lots of information about fishing in the past and a few interactive boards.

When the weather conditions is pleasant you can also have something outside, And into the accessible rooms also come visitors with wheelchairs or physiological limitations. With the comprehensive range of coffee and tea specialties, a visit to Waterlines becomes even more attractive.
