I love Indian food and it was great. I thought it was something on the expensive side, but it was worth it. they also delivered the food minutes after ordering as they said. everything was delicious. If I'm ever back in this part of the world, I'd eat there again. [read more](#). What [User](#) doesn't like about Karachi Tandoori:

We ordered food for wedding party from this place and paid deposit, they promised to deliver the food to our house around noon, however no food was delivered, when we called they said that the guy forgot to cook the food. Shame on you, you...did not even bother to call us earlier so we get the food somewhere else. It was very embarrassing as some of our guests left without food. [read more](#). It's certainly always an event to be in a **typical saloon** and to consume; to feel like a cowboy for once with a beer and also the finger food like crispy fries, onion rings or a hearty burger, One also prepares menus finely and freshly with traditional **Indian spices**.
