10/10 This is cooking as an art form. What they are able to do with plant vegetables is truly incredible and it tastes like the first vegetarian menu that hasn't substituted quality. Lunch, Dinners, Coffees Buns each of which is 5* will leave you feeling fed and content without the bloating from large heavy meals. Tasty curries, vegetables bakes, Raspberry coconut chia buns the flavours are bold but perfectly blended together. It truly is a new experience and Leafy Greens are leading the way in plant based cooking that is preferable to normal menus. I'm there twice a week for life!. The place also offers the possibility to sit outside and have something in nice weather. During meals, a refreshing drink is essential. In this **gastropub**, you will find not only flavorful menus, but also a large and comprehensive assortment of good beers and other alcoholic drinks that compliment the food, For breakfast a hearty brunch is offered here. At the bar, you can also relax after the meal (or during it) with an alcoholic or non-alcoholic drink, The visitors of the restaurant are also thrilled with the comprehensive variety of differing coffee and tea specialities that the establishment offers.
