What [User](#) doesn't like about Groen:  
2 stars because of the good service. no higher because most dishes were the taste of burned crimps or flowers ek, and almost all dishes were so oily from drenched house made pesto alike paste. the cost for the addition of the meal makes it even more crazy. I give him another 2 for the Arty page and I'm different, but different is not better or even good, in this case quite bad. I personally left half the tiny dishes uneaten, although many in the floor were like 2 spoons in size. not recommended.
