What [Joe Campbell](#) doesn't like about On The Rocks:

Went to the rocks on saturday for a family birthday meal for my daughter what can I say awful long wait for food when it arrived it was cold booked weeks in advance and explained one of our family members was vegan and was told they would sort vegan food out when arrived there was no food he could eat terrible communication between staff as they were not told to arrange vegan food will never go there again [read more](#). If you feel like a **treat**, you should visit On The Rocks because they have delicious desserts that will definitely satisfy the sweet-tooth in you, there are also delectable [vegetarian](#) dishes in the menu. After the meal (or during it), you can still relax at the bar with a *alcoholic or non-alcoholic drink*, The guests of the restaurant also appreciate the extensive variety of differing **coffee and tea specialities** that the restaurant has to offer.
