I am not adverse to change, we have always visited Chows and the food quality was and still is superb. However, the change in menu and the new set up just seems a little strange. The restaurant was much more comfortable and stylish as it...was before and the new menu is complicated and feels too try hard. Whilst the quality and service is still there; I can't help but miss what Chows once was. [read more](#). The place also offers the possibility to sit outside and eat in beautiful weather, And into the accessible rooms also come customers with wheelchairs or physiological limitations. What [User](#) doesn't like about Chows:

Really can't see what all the fuss is about with this place...it's just an average Chinese restaurant to be fair unless I just chose the wrong things from the menu?? [read more](#). During a meal, a good drink is essential. In this **gastropub**, you not only get delicious menus from the menu but also a comprehensive and particularly good selection of good beers and other alcoholic beverages that go well with the food, At the bar, you can relax with a freshly tapped beer or other alcoholic and non-alcoholic drinks. Look forward to the enjoyment of *scrumptious* [vegetarian](#) dishes.
