What [ukpunk](#) doesn't like about McDonald's:

25mins wait for a cup of coffee, after asking where it was it was collected from the back and I was told it was my fault as the called out my order two times. They didn't , I was standing three foot away and at no time was my number called or a coffee brought out. The wait was bad enough but for the blame to be put on me was very cheeky. First time in many trips to McDonald's that the coffee was nice and hot though.
