I work in mayfair and a colleague and went to carbon to come to lunch. young, it was worth the walk. it is one of the best food I had in the opposite. I made a farewell from her Lebanese grill with one side that were both really nice. the main was quite full and the side really wants to be needed. therefore they score well in the

WFM department for the taste. [read more](#). What [User](#) doesn't like about Carbon:
