[The Card of Crussh from London](#) includes about 111 different dishes and drinks. On average, you pay for a dish / drink about £5. What [Harvey Graham](#) likes about Crussh:

Crussh is a great place to grab a quick lunch in the middle of the work day. Really good coffee and paninis which they give in these take away bags that keeps them warm. Also during colder days it's nice and warm in there.

Unlike...pret and Benugo which always have aircon on and it's always too cold! Nice staff also! The only thing I would say is they should be a bit better with cleaning tables etc during rush hour. [גרוסברד](#) doesn't like about Crussh:

I was disappointed this time. I thought the portions were meagre compared to the price. The service was rather disinterested. I thought the juice ingredients would be more natural than they were. Some are clearly processed.

A visit to Crussh becomes even more rewarding due to the large selection of coffee and tea specialties, Furthermore, the **sugar-sweet treats** of this restaurant sparkle not only on children's plates and in children's eyes. The local offers *juices* that are delicious and fresh, in a comprehensive range, You can also unwind at the bar with a **cool beer** or other alcoholic and non-alcoholic drinks.
