What [User](#) likes about Living Room:

Super well designed and thought through coffee shop. The quality of the coffee is good. When the weather conditions is nice you can also have something outside. What [User](#) doesn't like

about Living Room:

I don't know why this place is listed on happycow. they add animal products to everything they do. oh I see day by day, they include a vegan option (which is great). Anyway, there are rare vegan options outside the midday. it looks like a nice place, but they have nothing to eat. updated by previous review on 2022-05-28 [read more](#). A

visit to Living Room becomes even more rewarding due to the comprehensive diversity of coffee and tea specialties, For a snack, you can also have the yummy sandwiches, small salads and other snacks. Besides simple snacks and sweet pieces, we also offer cold and hot drinks and cakes, here they serve a **diverse brunch** in the morning.
