What [Grace Gray](#) likes about Andy's Fish: 1st time customer. very impressed with the food, the service and the staff. I did not realise they stopped serving Gluten Free at 8pm and despite being later they heated up the fryer and supplied the most amazing Haddock, Chips and Mushy Peas. The portion size is unreal and the quality is exceptional. The Cherry on the Cake was Gluten Free malt vinegar which was a great surprise considering I have had to resort to Rice Wine Vinegar for the last couple of years. Definitely worthy of all the awards they have received and I will be back. Might try the Cod or Chicken next time. Andy's Fish from Church Gresley is a good option for a bar if you want to have a cocktail after work and sit with friends or alone, Typically, the menus are prepared for you *in the shortest time and fresh*. It should not be forgotten that there is a large selection of **coffee and tea specialties** in this restaurant.
