The restaurant from Leeds offers **16** different **dishes and drinks** on [the menu](#) at an average £6. What [Lewis Bell](#) likes about All Bar One:

Went as a afterwork party for food and drinks. Service was excellent. Drinks were brought to us and food was fantastic. Quick and beautiful. Just what you would like on a cold night. [read more](#). As a visitor, you can use the

WiFi of the place free of charge, And into the accessible spaces also come visitors with wheelchairs or physiological limitations. If the weather are right, you can also eat and drink outside. What [Fred Evans](#) doesn't like about All Bar One:

Can't order at the bar , can only order via the app. And it's a really slow app. Service was quick and efficient, but we spent ages on the app. Would have been much quicker just order as normal at the bar. Nice to have...the option of both, but to be restricted to just the app os a bit lazy of all bar one. [read more](#). The restaurant spoils you with a little bit of this and a little bit of that with their well-known *Tapas*, The guests of the restaurant are also thrilled with the comprehensive variety of differing coffee and tea specialities that the restaurant offers. The experience of various sports events is just as much a big draw, when you are in this sports bar, In addition, the cocktail menu that is offered in this established eatery is impressive. It offers a wide assortment of beers from the region and the whole world.
