Visited once again for my wife's birthday, to once again be amazed by the food. Service was a little slow but the restaurant was packed, so quite understandable. Food as always was great best mussels I think I have ever eaten in a restaurant still plump and flavoursome and not shrivelled and dry like most I have tried in restaurants over the years. An enjoyable evening all round happy to recommend once more! [read more](#). In pleasant weather you can even be served in the outdoor area, And into the accessible spaces also come visitors with wheelchairs or physical disabilities. WLAN is available free of charge. What [Craig Stevens](#) doesn't like about Tamburino Gold: Food was bad, most of the starter dishes pre cooked and appear at your table in 2-3 minutes. Lamb was terrible, wine list is pretty bad. Tiramisu was made by somebody who never ate a tiramisu before. No idea why this place has good ratings. Just avoid. We spent couple of hundred pounds for dinner and the experience was like visiting a burger stand at the mall. [read more](#).
