A complete [menu](#) of Coopers Deli from Moyle covering all 23 courses and drinks can be found here on the card. Cooper's, an iconic deli in Newark, has witnessed varied experiences from loyal customers, many expressing nostalgia for its once-revered pastrami sandwiches. Despite the rich history and generous portions that typically highlight the menu, recent visits have revealed inconsistencies in quality, with complaints of over-fatty meat and disappointing service. The two locations, previously considered gems for classic deli fare, now face scrutiny not only regarding their food but also the safety of their neighborhood. While the sandwiches can still delight, patrons hope for improvements in quality and service to match the legacy established by its founder.
