A complete [menu](#) of Taste Of India from Salford featuring all 21 menus and drinks can be found here on the list. Diners at this restaurant experience a striking divide between exceptional quality and disappointing meals. While many praise the flavorful curries and quick service, others report soggy dishes, unappetizing textures, and a lack of essential accompaniments. The online ordering process is noted as efficient, but customer service falters when the owner is not present. Although some find the establishment to be a great value, others express concerns over rising prices. Despite the disheartening experiences shared by some patrons, there remains a loyal following, particularly among those seeking well-prepared vegan options and classic favorites like Chicken Tikka Masala.
