Restauranten tilbyder også mulighed for at sidde udenfor og spise, når vejret er godt, og ind i de handicapvenlige rum kommer der også klienter med kørestol eller fysiske begrænsninger. Hvad [User](#) ikke kan lide ved Great [Sushi](#):  
Ikke en særlig god oplevelse. Den får to stjerner på grund af god service. Men stedet var meget højt, ret koldt, appen som du bestiller mad med er meget forældet. Men værst af alt var risene meget hårde kolde, ødelægger det virkelig meget, når risene bare ikke er gode. [Læs mere](#). Med friske ingredienser som fisk, grøntsager og kød, laver Great [Sushi](#) fra Ballerup til dig [velsmagende sushi](#) (fx [Maki](#) og [Te-Maki](#)) samt mange andre variationer, og der bliver lavet masser af friske grøntsager, fisk og kød til letfordøjelige japanske retter forberedt.
