Always very tasty fried chicken with friendly staff. The drive thru could do with an alteration as it is very narrow and if you're not careful you can scrape your alloys on the curb. Would have otherwise given stars. [read more.](#)

What [User](#) doesn't like about Kfc:

13-08-23 16:50 After queuing in a large que for 20 minutes with 5 young children we got to the top of the till to be told we can't buy bucket meals only individual meals I asked why as I could clearly see stacks of buckets behind I was told I don't know you just can't order them I asked why is there no sign to state this or why are they still up as available she said she didn't know she just works there. Awful customer service and seems like a way to make people spend more shocking in these current Times. I also checked on just and you can order buckets online?. Kfc from Athlone is known for its **delicious burgers**, to which **delicious fries, salads and other sides** are offered.
