Here you can find the [menu](#) of **The Blue Ball Inn** in Sheffield. At the moment, there are **27** meals and drinks on the food list. The Blue Ball Inn offers a newly refurbished setting with pleasant service and delicious meals such as meat and potato pie. However, the rowdy atmosphere and lack of charm post-renovation may disappoint some. The landlord's behavior and frozen pub food received criticism, leading to mixed reviews. On the other hand, the local beer selection, value for money, and homemade dishes were praised. Overall, the Blue Ball Inn provides a relaxed atmosphere, friendly staff, and good value traditional pub experience, with some areas for improvement post-renovation.
