this is a very good local fish and chip shop. the personal is always friendly and welcoming and the quality of the food is on a high standard. my only criticism would be that they close too early in the evening at 20 o'clock.

Hopefully, when the daylight is extended, they will check this. [read more](#). What [selemdip](#) doesn't like about Seawave Fish:

I always use this restaurant as the food is lovely. My only issue is the owners wife who is a pain. She is constantly challenging the staff and even when we ordered curry sauce she told a staff member off for putting too much sauce in. You can see the staff are not happy when she is around. My suggestion cheer up, stop dictating or stay in the back and let the staff get on with it!!! [read more](#). A visit to Seawave Fish becomes even more rewarding due to the large diversity of [coffee and tea specialties](#), the menu also includes **delectable** [vegetarian dishes](#). Menus are usually prepared quickly for you and brought to the table.
