A **complete menu** of Jacks from Cotswold covering all **24** meals and drinks can be found here on the menu.

Nestled next to a museum, this restaurant offers a mix of striking decor and a varied menu, highlighted by generous portions and delightful dishes. While the food receives praise, including standout items like the bubble and squeak and the famous Hummingbird cake, service experiences vary, ranging from friendly efficiency to slow and sullen. Cleanliness issues and a few quirky service hiccups, such as the unconventional slicing of cake, have been noted. Nonetheless, the overall vibe remains inviting, making it a worthwhile stop, especially for those seeking a charming place to unwind after exploring the nearby attractions.
