we only have 6€ a delicious risotto, a “snicker” dessert and a coffee. the service is really fast and everything was well cooked. we weren't very full at the end, but we had ordered more. but it is not a fully vegan restaurant, today, it hit a plate with non-vegan cheese and it was explicit on the black plate. updated by previous review on 2022-10 [read more](#). The diner and its rooms are wheelchair accessible and thus usable with a wheelchair or physical disabilities, Depending on the weather, you can also sit outside and have something. It's definitely always an experience to be in a **typical saloon** and to eat; to feel like a cowboy for once with a chilled drink and also the finger food like crispy fries, onion rings or a delicious burger, Likewise, the customers of the establishment prefer the large selection of differing coffee and tea specialities that the establishment provides. The breathtaking scene of a diverse selection of *notable places* is an additional draw for this restaurant, There are also some **international menus** available in the menu.
