What [User](#) likes about Pizza Bella: perfect if you want a great pizza! this place outweighs my opinion after the great players I.e dominos, papa john's etc. the price-performance ratio is at the top. they are never stingy with a cheese, in contrast to what we find with a lot of big players. the price is extremely competitive and the pizza is huge. it would highly recommend ordering from here. they also support a local business. the food lasted over an hour and a half to arrive. the personal, where rude about the phone and not apologise. that was cold. the lasagne was literally only layers of pasta without meat, everything was soggy and stone cold. I tried to eat something from the garlic bread, because I was so hungry and was only physically ill. don't understand that my mistake doesn't order from there. [read more](#).
