On this website, you will find the **complete menu** of Admirals Inn from Moray. Currently, there are **14** dishes and drinks available. Admirals Inn, located next to the harbor, offers stunning views but falls short on food quality and service. While some diners enjoyed their experience and praised the new ownership for improvement, others were disappointed by burnt fish, unsatisfactory dishes, and unprofessional management. Despite a warm welcome and delicious dishes like Cullen skink and loaded fries, inconsistent service and questionable billing practices soured the experience for some patrons. However, the restaurant's dog and child-friendly atmosphere was a hit with families. Overall, Admirals Inn is a mixed bag that could benefit from more consistent quality and professional service.
