Ordered original doner [kebab](#) curry fries through Uber Eats. Although curry fries were a bit bland, the doner [kebab](#) was so delicious that this deserves 5 stars+. Well done and so delicious. Will be returning! [read more.](#)

What [User](#) doesn't like about Abrakebabra:

The staff in the shop are great food is always good, but the delivery drivers like to add their own fees there on just make sure that I was told 24.25 and the delivery driver charged 27.00 for 2 tacos chips and a mini doner [kebab](#) Crazy!!! I order from here 2 to 3 times a week and this is the second time they did it. [read more.](#)
