We stayed at the hotel and it was a very pleasant surprise that such a nice restaurant was on our door step as it is not always the case. The food was incredible and very good value and the staff were so attentive we had no issues at all with service and always asking if we needed anything more. Perfect experience over night stay and definitely will visit again. [read more](#). As a customer, you can use the WiFi of the place at no extra cost,

a night in the hotel. the hotel and the staff were great. but the dinner was terrible. my huh was clear of a package and had black markings on it, I couldn't eat it. the rash were mostly fat, there was very little parmesan and. most of my food remained in the bowl and the waitress who collected the bowl did not ask why I had left my meal almost untouched. we had to get a farewell from the chipper over the road!
