I was very impressed by the attention given by the owner to his guests. He along with his staff appeared genuinely interested in the comfort and experience for everyone. [read more](#). What [User](#) doesn't like about The Olive Garden:

I had lunch here recently and it was okay. the staff was nice (but I felt a bit of them hurried, although it was not busy), eating was okay (the suppe was nice enough, but very salty and a little watery. the brot was delicious though). everywhere it is a beautiful place with a decent lunch selection, but eating could be better with small tweeks.
