Here you can find the [menu](#) of **Yvonne's Takeaway** in Ennis. At the moment, there are **18** meals and drinks on the food list. Yvonne's Chipper offers a wide menu selection with great chipper food, but a member of staff has been noted for being consistently rude. Some patrons have experienced disappointment with their meals, noting dry burgers and off coleslaw. Communication issues between staff members have resulted in missing or burnt orders. Despite these shortcomings, the chips and bacon cheese wedges receive praise for being delicious. The restaurant is commended for its cleanliness, outdoor seating, and value. Overall, Yvonne's Chipper could improve on customer service and consistency but remains a popular spot for satisfying takeaway meals.
