On this site, you can find the **complete [menu](https://menuweb.menu) of The Oval Tavern** from Croydon. Currently, there are **26** courses and drinks available. A comprehensive reviewer visited this pub for a variety of experiences, from a chaotic and dishonest service, to disgusting hygiene incidents caused by people allowing their dog to sit and drink from their pint. However, they praised the live music events and friendly atmosphere, with fabulous chips. The efficient service and great food and drinks were marred only by the bad smell in the ladies' restroom. The open mic nights were highly recommended with talented musicians. The cozy, music-filled venue offered homemade cuisine and a welcoming vibe, perfect for spending quality time. Overall, a lovely, atmospheric pub worth a visit.
