WiFi is available free of charge. What User doesn't like about Impasta:

came here randomly before checking the other reviews. Now I can only agree with the others. for vegetarian the place is quite good, I think the i pasta looks great and the menu is well marked. there are many vegan sauces to choose, but only a vegan pasta that is dry whole grain fabric that is simply not delicious and none of the sauces could save that. total waste of money! read more. At Impasta, a restaurant with Italian menus from Saint Julian's, you can enjoy **original Italian cuisine**, including classics like pizza and pasta, the place provides however also **dishes typical for Europe**. Additionally, there are also easy to digest Mediterranean dishes on the menu, there are also fine vegetarian meals in the menu.
