What [angelafarrance](#) likes about The Royal Oak:

We are staying nearby and read the good reviews so decided to give it a try here. Friendly greeting and service, food was homemade and delicious. Excellent value for money too. [read more](#). The restaurant offers free WiFi for its visitors, Depending on the weather conditions, you can also sit outside and have something. What [bmhale44](#)

doesn't like about The Royal Oak:

Excellent food, very cheap. Spoilt by about 5 middle aged and elderly males who came into dining area to drink. Appeared to be regulars. Very loud, making it difficult to talk. Regular use of the F word which is not nice when there are women in your group. Drinkers need to be kept out of the dining area. [read more](#). During meals, a refreshing drink is essential. In this gastropub, you will find not only exquisite meals, but also a large and comprehensive variety of good beers and other alcoholic drinks that compliment the food, there are also **delicious vegetarian meals** in the menu. Most often, the *burgers of this establishment*, which are among the highlights, are offered along with sides like french fries, salads or wedges, The **magical** desserts of the establishment also shine not only on children's plates and in children's eyes.
