Here you can find the [menu](#) of **The Evergreen Cafe** in Three Rivers. At the moment, there are **25** meals and drinks on the card. At Evergreen Café, visitor experiences vary widely, reflecting a mix of service and quality that seems to fluctuate dramatically. While some patrons rave about the delicious breakfasts and cozy atmosphere, others are disheartened by understaffing and disorganized service. Complaints of dirty tables and unclean restrooms overshadow positive remarks about fresh food and friendly staff. The lack of a children's menu frustrates families, while a renovated but visibly damaged space leaves a lasting impression. With delicious offerings like fish and chips and delightful pastries, the café has potential—yet inconsistencies in service and cleanliness may deter repeat visits.
