I've only ever given a couple of 5 reviews so 4 is really good. Not cheap but not crazy. Would certainly recommend. [read more](#). The diner and its rooms are wheelchair accessible and thus usable with a wheelchair or physical disabilities, and there is free WiFi. If the weather are right, you can also eat and drink outside. What [big.gre](#) doesn't like about Rampsbeck: 20th anniversary dinner. Found service very slow. Especially drinks. Drinks order taken well before starter, but starters came before drinks. Had to ask again for drinks. On ordering second drink round, 30 minutes later I was told, after asking again, there was a back up at the bar. Food. Lamb starter excellent, cheese for desert excellent. Main of Sirloin beef was very tough. Should have sent it back, but out for a relaxing, lovely evening with my wife so kept quiet. I will however vote with my wallet and not go back. At Rampsbeck, delicious meals from international cuisine are freshly cooked for you, The customers of the restaurant also appreciate the comprehensive variety of various **coffee and tea specialities** that the establishment has to offer.
