1st time in [Armagh](#) 1st time in Uluru amazing beef brisket which melted in the mouth but more amazing was the accompanying mash veg which were superb in it's own right 10/10. The premises in the restaurant are wheelchair accessible and can also be used with a wheelchair or physical disabilities, and there is free WiFi. If the weather are right, you can also eat outside. What [L L206](#) doesn't like about Uluru Bistro:

Really quiet strange atmosphere menu was very restricted 1 fish dish few breeds and steak wouldn't recommend! We had been before and there was a lovely selection and nice atmosphere but this evening was just depressing! [read more](#). This **Bistro** stands out for its smallness, but finesse, not only for its ambiance, but also due to its offerings of typical, delectable dishes at traditionally affordable prices. Also, the customers of the restaurant love the extensive variety of various **coffee and tea specialities** that the restaurant has to offer. After the meal (or during it), you have the opportunity to also relax at the bar with a alcoholic or non-alcoholic drink, Also, you shouldn't miss out on the delicious [pizza](#), original freshly baked in a wood oven.
