We tried to go there at 8pm (2 people) and it was already full. The waiter said we have to wait 1 hour to get a table. No problem for us, we understand we are in summer holidays. One hour later we came back (09:15 pm) and the waiter said that the kitchen was closed. Sorry?! Kitchen closed at 09:15 on Monday during summer holidays?! Even Google map said it was open until 11pm... You should better go to the trattoria. [read more](#).
