[The Card](#) of Greenwood from London includes about 19 different dishes and drinks. On average, you pay for a dish / drink about £10. What [Emma M](#) likes about Greenwood:

Where do I begin... stellar service, beer on tap and an array of disgustingly dirty but delicious American grub.

Sports on screens and lots of space. I could happily spend every Friday night here! [read more](#). When the weather is good you can also have something outside, and there is no-charge WiFi. The premises on site are accessible, and therefore no problem for guests with wheelchairs or physiological limitations. What [Liselotte](#)

[Röder](#) doesn't like about Greenwood:

1. Booked table upstairs, ordered food using QR code and... nothing arrived. Apparently QR code doesn't work on 2nd floor... so why even put them on the tables? 2. Food arrived in the end, after chasing waiter Cold and small. Not worth the price. It is great for watching games due to bit screens, but service and quality of food is questionable ∴ During a meal, a good drink is essential. In this [gastropub](#), you not only get delicious menus from the menu but also a comprehensive and particularly good selection of **good beers and other alcoholic beverages** that go well with the food, for breakfast they serve a tasty breakfast here. Of course, we must not forget the comprehensive diversity of **coffee and tea specialties** in this restaurant, Particularly fans of the English cuisine are excited about the large variety of traditional dishes and love the typical English cuisine.
