It is not a temple of [Mexican](#) food and less now that there is that boom of high cuisine, but it is a great place to eat good Mexican food at good price. Surprises that in that fantastic location, he eats so well, at such a good price and that even though they're up, they'll be fine. Very good [read more](#). The diner is accessible and can therefore also be used with a wheelchair or physiological disabilities, and there is no-charge WiFi. If the weather are right, you can also have something to eat outside. What [zaharrah](#) doesn't like about De Vinos:

Food was delicious but sadly not made to feel terribly welcome. Despite there being no one inside, I was not allowed to sit at a table as it was for four people. Seriously, I was the only one in there the entire duration of my visit. I was not asked if I wanted anything else, and would have had more. In this [gastropub](#), you not only get delicious meals from the menu but also a comprehensive and particularly good variety of good beers and other alcoholic beverages that go well with the food, You can also unwind at the bar with a *cool beer* or other alcoholic and non-alcoholic drinks. Even the versatile, scrumptious Mexican cuisine, traditionally cooked with corn, beans and chili, is very popular with the visitors.
