[User](#) doesn't like about Honey Moon:

the taste we had a year ago has changed. no authenticity. no salt in one of the starters. we ordered as soda and asked him to be served together with the main course. but we were served first to the drink. no water served or asked until the end (only before the payment of the bill). a very long wait between the stater and the main course, even if we ordered the main course together with the starters.
