I only eaten once in peppes in alta. there are three vegan pizzas actually, I ordered even greener garden and brownies for dessert. they haven't put on my pizza and I didn't say it was vegan, so maybe they've learned? [read more](#). In pleasant weather you can even eat and drink in the outdoor area, And into the accessible rooms also come visitors with wheelchairs or physical disabilities. What [User](#) doesn't like about Peppes Pizza:

a good chain and as it says on the other review, they sometimes put cheese on the vegan pizza. Good pizza but do not seem as if they had a standard to follow as the amount of pizzas varies from time to time a lot [read more](#).

In Peppes Pizza in Alta, they prepare **delicious pizza** using a time-honored method, served straight out of the oven, and you can look forward to traditional Italian cuisine with classics like pizza and pasta. Surely, it's also a nice event to feel like in the Wild West once, to drink and eat like the cowboys or even the bandits with a beverage or two paired with onion rings and a nice juicy burger, You can also unwind at the bar with a *cool beer* or other alcoholic and non-alcoholic drinks.
