Antipode, an Australian specialty coffee shop in London, has received mixed reviews. While some patrons were disappointed by the lackluster coffee quality and mismatched expectations of an Antipodean experience, others found it to be a hidden gem with great coffee, good vibes, and friendly service. The cafe offers a variety of breakfast and luncheon items, alongside a wide selection of coffees and teas. The relaxed atmosphere and unique coffee options, like turmeric lattes, are praised by some. Despite its flaws, for those craving a taste of Australian coffee in London, Antipode remains a top choice.
