I only have a review of the ordered pizzas because I haven't returned to the restaurant for a good time. So [pizza](#) level is really suck and bad. The dough is hard, dry, the tomato sauce is not relieved and acid and the garnish on the pizzas...I want you to be pressed ect but put everything on the middle almost and nothing on the surroundings it upsets me very much..especially when the [pizza](#) itself is not worth it.. so... What [User](#) doesn't like about Mimo:

I put star at quality meal and service but if I had more choice I would have checked. this restaurant is not to advise for people who know about it a minimum in kitchen. and then the room service ... no organizations. may be thinking about doing a self service it would cost you less in staff.
